

Requesting Data from Uber

Requesting data

1. Navigate to: <https://myprivacy.uber.com/exploreyourdata/download>. You will be required to log in to your Uber account.
2. Return to <https://myprivacy.uber.com/exploreyourdata/download> after logging in (if not automatically redirected).
3. Click "Request". Note that you may have to wait 24 – 72 hours for your data to be ready. In our experience, this is closer to 24 hours.
4. You will receive a notification via email when your data is ready. You can search for the email using this query: [from:noreply@uber.com "Your Uber data is ready for download"]

Downloading data (once ready)

5. Return to <https://myprivacy.uber.com/exploreyourdata/download>. You should now see a "Download data" button

6. Click "Download data", and a .zip file should download. You will input this file on a secure website, and we will anonymize it before uploading. You will be able to preview what is uploaded to us.
